Docket No. CP20-48-000

NOTICE OF REVISED SCHEDULE FOR ENVIRONMENTAL REVIEW OF THE  
ENHANCEMENT BY COMPRESSION PROJECT

(September 2, 2021)

This notice identifies the Federal Energy Regulatory Commission staff's revised schedule for the completion of the environmental impact statement (EIS) for Iroquois Gas Transmission System, L.P.'s (Iroquois) Enhancement by Compression Project. The *Notice of Intent to Prepare an Environmental Impact Statement for the Proposed Enhancement by Compression Project and Schedule for Environmental Review*, issued on May 27, 2021, identified September 3, 2021 as the final EIS issuance date. However, we are modifying this issuance date because of the number and complexity of comments received on the draft EIS. Further, staff will require additional information from Iroquois to respond to several of these comments in the final EIS, and is currently preparing a data request to obtain that information.
