NOTICE OF INTENT TO PREPARE AN
ENVIRONMENTAL IMPACT STATEMENT FOR THE PROPOSED
ENHANCEMENT BY COMPRESSION PROJECT
AND SCHEDULE FOR ENVIRONMENTAL REVIEW

(May 27, 2021)

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental impact statement (EIS) for the Enhancement by Compression Project (Project), proposed by Iroquois Gas Transmission System, L.P. (Iroquois) in Greene and Dutchess Counties, New York and Fairfield and New Haven Counties, Connecticut. The EIS will tier off Commission staff's Environmental Assessment (EA) and its findings and conclusions for the Project issued on September 30, 2020, and respond to comments filed on the EA.¹ The EIS will assist the Commission in its consideration of the Project's contribution to climate change and its decision-making process to determine whether Iroquois' proposed Project is in the public convenience and necessity. The schedule for preparation of the EIS is discussed in the "Schedule for Environmental Review" section of this notice.

The National Environmental Policy Act Process

The production of the EIS is part of the Commission's overall National Environmental Policy Act review process. Commission staff will independently analyze the proposed Project and prepare a draft EIS, which will be issued for public comment. Commission staff will consider all timely comments received during the comment period on the draft EIS and revise the document, as necessary, before issuing a final EIS. Any draft and final EIS will be available in electronic format in the public record through eLibrary² and the Commission's natural gas environmental documents webpage

¹ The EA for the Project is filed in Docket No. CP20-48-000 under Accession No. 20200930-3011.

² For instructions on connecting to eLibrary, refer to the "Additional Information" section of this notice.
